Brno

Who we are

Mladiinfo ČR is a friendly and open-minded team that works together to motivate young people to travel, learn and fully use their potential. Most of us are from Brno, where we have a beautiful office located in the city centre.

We welcome international volunteers, and we're happy to create a space for them to learn through action. We also value the diversity they bring to our office, coming from different cultural and educational backgrounds.

What we do

Website

We are one of the biggest platforms posting new international opportunities for young people. We write articles about current mobility offers, as well as tips for travelling, volunteering and living in the international environment. On mladiinfo.cz, you can also read stories of volunteers who went abroad or came to work with us in Brno.

A hand is shown holding a small globe of the Earth. Overlaid on the globe is a white, brush-stroke-like banner containing the text 'mladi!info.' in blue and black, with the website address 'www.mladiinfo.cz' in black below it.

•mladi!info.
www.mladiinfo.cz

In European Solidarity Corps, we act as a sending and receiving organization. It means that Czech people willing to volunteer abroad can count on our support, and foreign people can come to our office in Brno as ESC volunteers.

ESC

What we do

Library of Things is our local project. There are things that people only need to use once, and it's not ecological or economical to buy them - that's why we rent them! As our volunteer, you will help us manage the rentals, keep the catalog and storage in order, and create content for the Library's social media.

Library
of things

Erasmus+

We organize youth exchanges and training courses in the Czech Republic. A group of Czech and foreign young people goes with us on a week-long trip outside of Brno. We work together on a themed project, for example, developing leadership skills or raising environmental awareness. As our volunteer, you help us with the activities and can enjoy the trip and learn new skills.

What we do

Promoting youth mobility

We run accounts on Instagram and Facebook, and the website where we promote Erasmus+ and ESC as exciting and enriching opportunities for young people. We encourage our Brno volunteers to share their experience. We also stay in touch with the volunteers we send abroad and give them the opportunity to tell their stories on our social media.

We use our space to organize events for the local community. Our regular clothes swaps bring over 100 people to give away the clothes they no longer wear and get new pieces for their closet. With our language clubs, everyone can practise the language they're learning or teach their language to others. We're also open to your initiatives and can help you to put your event ideas into practice!

Events

Our office

Our office is located in a beautiful building in the city centre of Brno. Enjoy the old-town view from the window and after-work walks around the most beautiful part of the city!

We care about keeping a friendly and supportive atmosphere!

Who you will work with

Eliška

Eliška manages the office and coordinates ESC projects. She will be the person to contact you before your arrival and make sure you're fine when you're here.

Eva

Eva takes care of the Library of Things. She might ask you for help with the Library's inventory, catalog, or website.

Ester

Ester makes sure that our social media work properly. You will help her create content for Mladiinfo Instagram and Facebook accounts.

Markéta

Markéta co-founded Mladiinfo as a young student. She is supporting the organization with her creative ideas, writing and implementing projects, and bringing valuable knowledge to the team.

Our city - Brno

Brno is the second biggest city in the Czech Republic. Thanks to lots of restaurant, bars, shops, cinemas and theatres, you will never get bored here! The city is surrounded by beautiful green areas, easily accessible for all-day trips. If you like visiting big cities, it's a perfect base for that too! With many bus and train connections, weekend trips to Prague, Vienna, Bratislava and Budapest await you!

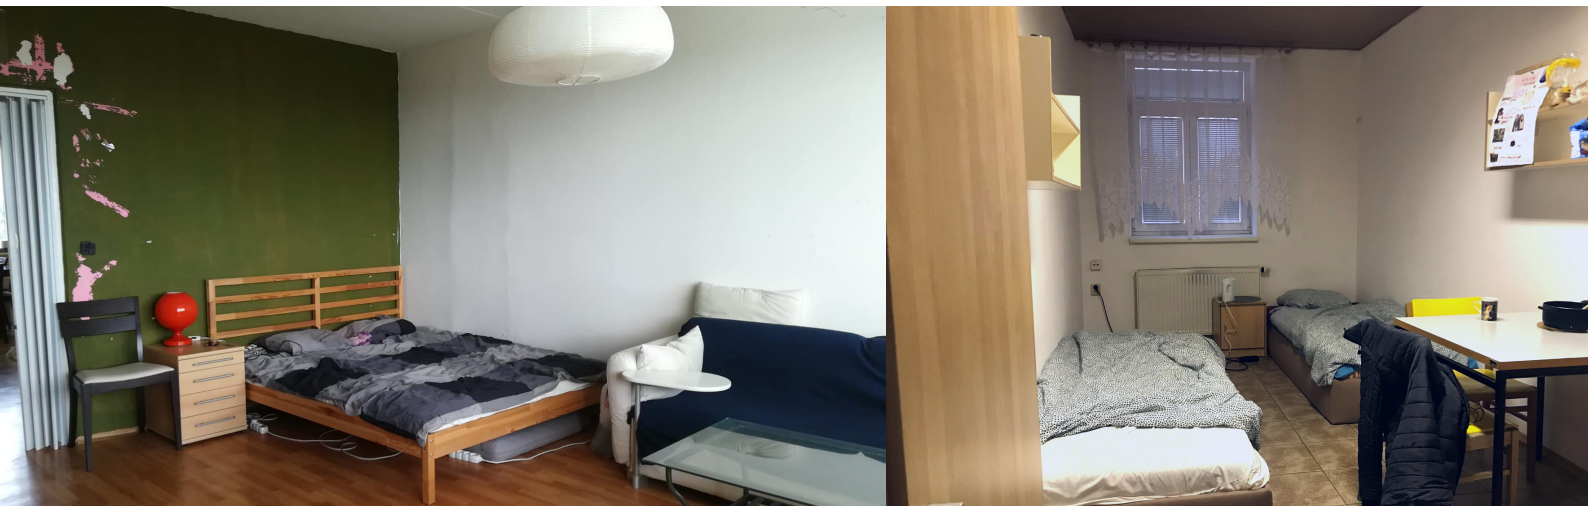

Practical information

Accommodation

You don't have to worry about accommodation, we do it for you! You will stay in a single room, either in the dormitory close to the city centre or in a flat shared with other volunteers, located in a beautiful green part of Brno. Accommodation is covered by the EU funds.

Money

Another thing you don't have to worry about! European Solidarity Corps is a project funded by the European Union. As our volunteer in Brno, you don't have to pay anything! Every month, you get pocket money in the amount sufficient to pay all the necessary living expenses and enjoy your life in Brno, as well as to go on trips in the Czech Republic and the nearby countries. EU grant also covers the accommodation, your ticket to the Czech Republic and back, and public transport card in Brno.

Practical information

Health insurance

Having an EHIC card, you're allowed to use the health services in the Czech Republic on the same rules as Czech citizens. Additionally, you are insured in the Cigna insurance company, which pays for the health-related expenses not covered by EHIC. If you aren't eligible for EHIC, you can use the Cigna insurance for all the health services covered by the plan.

Youthpass

Youthpass is a nonformal education certificate - a proof of the work you did during your volunteering experience and the skills you gained. It's also a form of self-evaluation because you fill it in yourself at the end of the project. We offer you all the necessary help! You can show it to your future potential employers to increase your chance of getting hired.

Additional support

We take good care of our volunteers! We'll give you tips for getting around the city and spending time inside and outside of Brno. We'll find a local mentor for you. We'll answer your questions related to volunteering and life in the Czech Republic.

Moreover, if you need a psychotherapist, psychiatrist or another specialist, we'll do our best to help you get the support. Don't let your individual needs discourage you from becoming our volunteer!
